

ORANGES & GRAPEFRUIT

FOR DISTRIBUTION AND USE ONLY IN CALIFORNIA

SLN CA-860070

DIRECTIONS FOR USE

LOCATION: Southern California counties south of the Tehachaj Mountains, including Ventura and Santa Barbara Counties.

Crop/Use/Commodity: Oranges and Grapefruit

Target Pest/Problem: Citrus Red Mite

Dosage: 7% to 10 pounds of material (2.25 to 3.30 lbs. ai) per acre.

Dilution Rate: Apply in a minimum of 200 gallons of water per acre.

Method of Application: Ground (only)

Frequency/Timing of Application: Apply from October 1 to petal fall. A maximum of two applications per crop, at least 21 days apart.

Restricted Entry Interval (REI): 42 days (For all other worker protection standard requirements, such as, exception to REI, personal protective clothing and notification to workers, refer to the Section 3 label for this product.)

Preharvest Interval: 7 days

Other Requirements:

1. Do not spray at temperatures above 95°F.
2. On the day when the temperatures will exceed 95°F, finish spraying until the temperatures drop to 95°F or below.

Valid until withdrawn, suspended or cancelled by the United States Environmental Protection Agency (USEPA), the manufacturer, the 24(c) registrant, or the Department of Pesticide Regulation.

All applicable directions, restrictions, and precautions on the USEPA-registered label(s) are to be followed.

The labeling must be in the possession of the user at the time of pesticide application.

The County Agricultural Commissioner's (or designee's) signature must be obtained prior to this use. This does not constitute a recommendation of the Department of Pesticide Regulation and will not prevent quarantine action if illegal residues are found on or in the crop.

Neither the Department nor the county agricultural commissioner, the manufacturer or formulator makes any warranty of merchantability, fitness or purpose, or otherwise, expressed or implied concerning the use of a pesticide in accordance with these provisions. The user and/or grower acknowledges the preceding disclaimer and accepts liability for any possible damage resulting from this use. Do not use in mixture with other pesticides unless provided for in the labeling. Test on a small area to check out unwanted problems is suggested.
